

Dear Melissa,

I hope this message finds you well.

We are organizing a community meeting to discuss the proposed site for the Southern Wastewater Treatment Plant (SWWTP) and would like to invite representatives from HCC to attend. The meeting will be held on the 9 Aug 2pm – venue to be confirmed. It would be invaluable for the community to hear a detailed explanation of the process and findings that led to the identification of 131 Raynes Road as the preferred site.

Additionally, we seek clarification on any considerations made regarding financial compensation for property owners that would be affected by a new WWTP located on that site. We recognize that the establishment of the plant will bring about negative perceptions for the area.

Can you please confirm attendance by COB 29 July 2025.

Best regards,
Dianne Mulhern

Kia ora Dianne,

Thank you for your advice that you will be hosting a community meeting on 9 August, and for extending the invitation to Council to discuss the Project.

As we discussed on the phone last Thursday (24 July) Council will not be in attendance at this meeting. We are planning a series of drop-in sessions with the public when we have more information to share about the Project, and will let you know more then.

I will come back to you regarding your query of compensation.

E mihi ana

Melissa Slatter

Seconded Project Manager

Kia ora Dianne,

Further to my message below, I can clarify that the proposal will incorporate features which avoid, remedy or mitigate potential effects on neighbourhood amenity. This will mean that the concerns you have regarding negative perceptions will be addressed. No financial compensation arises.
